

LE GUIDE HACHETTE DES VINS 2008

Saint-Véran « Les Cras » 2005 *

Established in 1985 by Jean-Luc Terrier and Christian Collovray, this domain took his name from his geographical location, between the Solutré and Vergisson rocks. Two of the wines caught our attention: Rives de Longsault 2005 a little bit closed actually but showing and excellent potential, and Les Cras, with his vibrant green color, it has a complex nose of soil minerality married together with oak. The mouth is full bodied with a long afterstate. We advise to age this wine one year more to express his full potential.
